

PRESS RELEASE

Issued – 13th May 2010

For immediate release

Bankhead No More

As part of the Local Authority's Three R's project Bucksburn Academy was one of the new schools proposed in this Three R's project. This new school replaced the aging Bankhead Academy as was which closed down some three years ago. New Contractors on the Aberdeen scene, Pihl Construction from Denmark won the contract to build schools within the Aberdeenshire area.

AC Yule won the contract to supply curtain walling screens, windows, and doors to this new school project. All glazing used within this project was new Warm Edge Technology Super Spacer Tri Seal Products which can contribute to enhancing the U value of the window.
